Q-CODE Q5W QUALITY REQUIREMENTS

The following are the quality requirements for product purchased under Q-code Q5W. Please reference the Plexus Supplier Quality Manual DCS # 10503 for additional details. Unless a written waiver is received from Plexus, the supplier agrees to abide by the quality requirements listed below.

ALL Shipments – Before a product can be released for production, the supplier will be required to meet the documentation and quality requirements as follows:

- A. Certificate of Compliance. – Must be titled as such and include a statement of compliance to all applicable specifications (statement is not required to list, but shall cover all the applicable specifications such as drawing, PO, customer specifications, Plexus G9000-3, NFS, IPC specifications, UL, etc....). It also must include the following information for traceability:
- Name of Supplier (if different than the actual Manufacturer/OEM/OCM)
 - Name of Manufacturer/OEM/OCM
 - Manufacturer's/OEM's/OCM's Part Number
 - The Manufacturer/OEM/OCM Lot numbers **and** Date Codes (both are required) for each shipment
 - Location or place of manufacture
 - If the product has a shelf life, the manufacturer or cure date, batch number, the shelf life and expiration date must be included (note: the remaining shelf life must be greater than 50% of the stated shelf life). Any special handling and/or storage requirements must also be included.
 - Plexus part number ordered on the PO
 - EC level or Revision level as specified on the PO for the Plexus part number ordered
 - PO number
 - All parts with plating requirement stated in the drawing, should be measured and the results recorded with the CoC (Including sub-assembly / sublevel assembly) on a minimum sample size of N=5 parts.
- B. All cartons, required documentation, labels, packaging and packing slips must have the Plexus part number, EC level or revision (if applicable), date code(s), quantity, and P.O. number listed on them.

The above listed required documentation must be submitted with each shipment. Shipments received without the completion and proper execution of these Quality Requirements is considered non-conforming and Plexus reserves the right to return to the supplier at the supplier's expense.

Product change notification

Upon acceptance of conforming product, documentation, and the requirements of this Q-code, the supplier's manufacturing process shall be considered "qualified". All changes require written approval from Plexus prior to implementation. Product or Process change notification requests (PCNs) shall be submitted to pcns@plexus.com.
