Q-CODE Q3L QUALITY REQUIREMENTS

The following are the quality requirements for product purchased under Q-code Q3L. Unless a written waiver is received from Plexus, the supplier agrees to abide by the quality requirements listed below.

All Shipments - The documentation and quality requirements for each shipment of parts are as follows:

A. <u>Dimension Inspection Report</u> - the supplier will perform 100% dimension measurement and acceptance of every characteristic, requirement and/or drawing note per print. This will be documented and submitted a report for a minimum of 1 piece. All dimensions must be within print tolerance. Any dimension which is not within print specification must be approved by Plexus in writing before product can be shipped.

B. <u>Certificate of Compliance.</u>

C. All cartons, packing slips and C.O.C.'s must have part number, EC level or revision, quantity and P.O. number listed on them.

The above listed documentation must be submitted with each shipment. Any shipment received without this documentation will be considered defective.

Product change notification

Upon acceptance of conforming product, documentation, and the requirements of this Q-code, the supplier's manufacturing process shall be considered "qualified". All changes require written approval from Plexus prior to implementation. Product or Process change notification requests (PCNs) shall be submitted to pcns@plexus.com.
