Q-CODE Q34 QUALITY REQUIREMENTS

The following are the quality requirements for product purchased under Q-code Q34. Unless a written waiver is received from Plexus, the supplier agrees to abide by the quality requirements listed below.

ALL Shipments – The documentation and quality requirements for each shipment of parts are as follows:

- A. Certificate of Analysis – the Certificate of Analysis (COA) must be titled as such and shall include a statement declaring that the manufactured item has been tested to the appropriate specification requirements. The COA shall contain the following minimum information:
 - Name of Manufacturer
 - Manufacturer’s Item Number
 - Batch or Lot Number
 - Manufacture Date
 - Expiration Date*
 - Product Properties and Analysis Results

* The remaining shelf life of the material must be greater than 50% of the stated shelf life.

- B. All cartons, required documentation, labels, and packaging must have the Plexus part number, EC level or revision (if applicable), quantity, and P.O. number listed on them.

The above listed documentation must be submitted with each shipment. Any shipment received without this documentation will be considered defective.

Product change notification

Upon acceptance of conforming product, documentation, and the requirements of this Q-code, the supplier’s manufacturing process shall be considered “qualified”. All changes require written approval from Plexus prior to implementation. Product or Process change notification requests (PCNs) shall be submitted to pcns@plexus.com.
